

brass forging

DCI's International subsidiary provides Brass Forgings and Castings from facilities located in the Pacific Rim. These components can be machined, finished and assembled into products that are available in a wide variety of shapes, sizes, and finishes.

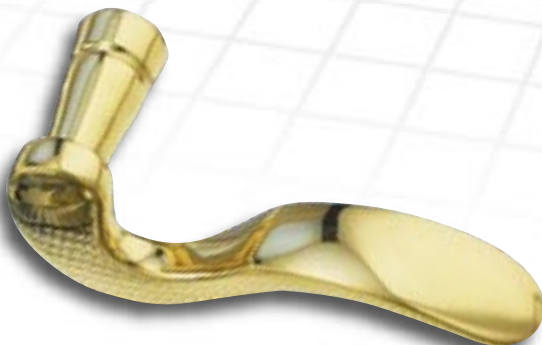

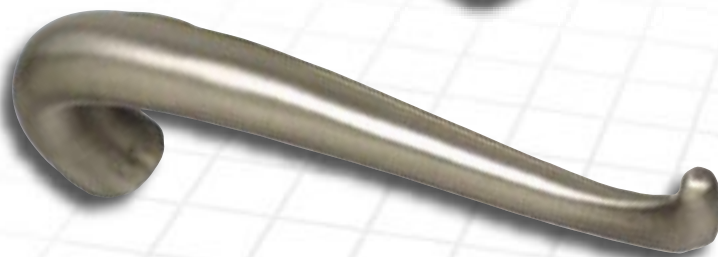

Finishes Available

We supply decorative brass components and assemblies to the market place in following finishes;

- Bright Chrome
- Satin Chrome
- Bright Brass
- Satin Brass
- Oil Rubbed Bronze
- Satin Bronze
- Satin Nickel
- Antique Pewter
- Satin Blackened Brass
- Lifetime Finishes

The process controls we have implemented in our finishing lines have enabled us to meet or exceed the BHMA standards. We monitor compliance to these standards through our on-site testing lab.

Our Brass programs are used by many industries including door hardware, plumbing, medical, automotive, and marine.
