One Stop Shopping

DCI International's mission is to provide our customers with a domestically managed international program that allows them to realize the benefits of offshore manufacturing with the lower risks of dealing with domestic partners. Based in Grand Rapids, Michigan, DCI International has developed strategic partnerships with Taiwan and mainland China based manufacturers. By working with DCI International, you gain numerous benefits:

- **Financial Management**
 - Open account payment terms – letters of credit not required
 - Product is shipped F.O.B. from several U.S. locations
 - All duties and custom broker charges handled by DCI International
- **Inventory Management**
 - Product is shipped to the customer according to the customer's inventory management programs
 - Customer is not required to fill containers
 - Safety stock maintained in L.A., Chicago and Grand Rapids to manage customer-demand spikes
- **Domestically Managed Quality Control and Engineering Program**
 - U.S.-based engineering support from design through production
 - All quality issues handled by U.S. based staff
 - All off-tool samples submitted to customer's PPAP requirements
